v.

RYDER AUTOMOTIVE CARRIER
SERVICES, INC., ET AL.

Defendants

Case No. C-1-02-039

Judge Herman Weber

AFFIDAVIT OF
RICHARD H. SHIVELY

Affiant Richard H. Shively, after having first been duly cautioned and sworn, deposes and states as follows:

1. My name is Richard H. Shively. I am the same Richard H. Shively whose deposition was taken in the above-captioned action on February 20, 2003. I have personal knowledge of the facts contained within my affidavit.
2. I have recently been provided a copy of and have reviewed the Unit History Detail Listing on trailer no. 61304. A copy of that document is attached to my Affidavit as Exhibit A. The Unit History Detail Listing was not provided to me either before or at my deposition of February 20, 2003. I first saw it on August 6, 2003. The Unit History Detail Listing assists me with regard to the topics of identifying the maintenance mechanic who fixed the truck from which Mr. David Ferguson fell.
3. My review of the Unit History Detail List reveals that it was I who replaced two of trailer no. 61304's head ramp safety cables and a switch on September 8, 2000. I know this from that document because I performed Repair Order No. 011232 on tractor no. 61304 on September

8. 2000. That Repair Order consisted of performing those two maintenance activities. It would have been my standard practice to document the completed repairs and the parts used and sign off on the Repair Order on or shortly after the actions were completed on September 8, 2000.

4. I do not have any present recollection of disposing either the head ramp safety cables or the switch on September 8, 2000. It would have been my standard practice to cut up the removed head ramp safety cables into pieces and discard them. I do not recall ever setting aside any of the head ramp safety cables that I replaced. I have no reason to believe that the head ramp safety cables that are the subject of my maintenance actions on September 8, 2000, were treated in any other manner.

5. Michael Palladino never requested that I provide him with any head ramp safety cables that had been broken. I never provided Michael Palladino with any broken head ramp safety cables, including those that had been replaced on tractor no. 61304 on September 8, 2000.

6. During 1999 and 2000, I had no knowledge of any type of ownership or business relationship between Allied Systems, Ltd. or Allied Automotive Group, Inc., and Consolidated Carriers, Inc. or any other company. I was never told by anyone that a reason for discarding the old style head ramp safety cables upon replacement was due to any ownership or business relationship that Allied Systems, Ltd. or Allied Automotive Group, Inc. might have had with any other company. I had no reason to believe that a reason for discarding the old style head ramp safety cables upon replacement was due to any ownership or business relationship that Allied Systems, Ltd. or Allied Automotive Group, Inc. might have had with any other company.

7. I was never told or influenced by anyone to dispose or discard any of the old style head ramp safety cables that had been replaced because of the possibility of litigation that might be brought due to the cable breaking.

8 Further, Affiant sayeth naught.
